Comments Sought on Ambulance Standard KKK-A-1822 Proposed Changes

Notice of Public Comment Period through 7/13/07 on AMD Standards 001–0025

The Ambulance Manufacturers Division (AMD), an Affiliate Division of the National Truck Equipment Association (NTEA), is currently revising AMD Standards 001–015 and adding Standards 016–025 to accommodate proposed changes under draft revision F to the Federal Specification for the Star-of-Life Ambulance (KKK-A-1822). The AMD wishes to solicit any public comments or corrections that may enhance the quality of the Standards within their respective stated scope, purpose and application.

To view the Standards in their draft form go to:

If you would like to submit any comments on the draft Standards for consideration, they must be submitted in writing (either typed or legibly written using the form at:

http://www.ntea.com/downloads/Public%20Comment%20Form%20-%20AMD%20DRAFT%20Standards%20001-025.doc

via certified mail to ensure receipt. Written comments and suggestions regarding changes to an existing and/or proposed new Standard(s) need to include a reasonable and rational explanation for the changes(s) based in sound engineering principles, proposed/revised language, cost/benefit analysis, verifiable statistics, test results and/or engineering studies where applicable. Suggested changes must be performance-based, industry generic and cannot in any way restrict trade or innovation. Comments and suggestions received without the aforementioned information cannot be considered. Contact information must also be provided with any submittal in case questions arise with the provided comments. In order for consideration to be given to comments on the draft Standards, all comments must be received via certified mail by July 13, 2007 at the following address:
