Re: Proposed changes

The following proposals, which have been recommended by the Board of Directors’ are respectfully submitted for review and approval for changes to the current C&BL. These proposals are being submitted for individual approval, as each proposal is separate and distinct.

PROPOSAL #1: New Officer position

This proposal is intended to create a new board position by dividing some of the roles and responsibilities of the current Financial Secretary position to form a Membership Secretary position. Also the Membership Secretary would provide enhanced membership services. In addition, changes are submitted for consideration to section (a) of the current Financial secretary position requirements. The subsequent illustrates the Constitution and By-Laws are currently written for Article V, Section 6 followed by the proposed changes and any other areas in the C&BL affected by this change:

(c) Shall have such other and further duties as may time to time be delegated to the Membership Secretary by the Board.

Areas of the C&BL requiring updates should this proposal be adopted:

Update #1:

Proposed changes:

Article V Officers

Section 1: Association Officers

The officers of the Association shall consist of a President, an Executive Vice President, a Vice President, a Secretary, a Treasurer, and a Financial Secretary, and a Membership Secretary. The subordinate officers of the Association shall consist of such assistant treasurers, assistant secretaries or other officers, as may be found to be necessary for the good operation of the association, may be appointed by the Board, each of whom shall hold office for such period, have such authority, and perform such duties as are provided in these Bylaws or as the Board may from time to time determine. Subordinate officers shall serve as non-voting members of the Board.

Update #2:

Proposed changes:

Section 5: Credentials Committee

(b) Shall be responsible for receiving a roster of persons entitled to vote from the Membership Secretary prior to the Annual Meeting as may be outlined in the Procedure Manual. Said roster shall set forth the number of votes each person shall be entitled to cast. At least one (1) member of the Committee shall be in constant attendance during the hours the registration desk is open, including during the Business session(s) for the purpose of examining the credentials of the delegates and individual members plus proxies as may be required.

Explanation: Most organizations similar to NYSVARA have a membership secretary to focus on membership services. This will also signal the seriousness with which the association considers membership issues and provide a point of contact for the membership on membership related issues. It would also help relieve the burden on the financial secretary position (which now combines aspects of both a traditional financial secretary and a membership secretary), allowing that officer to focus more on the financial aspects of the office.

PROPOSAL #2: Article X - Committees

This proposal will move all committees to the Procedure Manual and committees would be added, revised or omitted by the board based on current needs. Please review the following proposals:

Proposed changes: (this proposal would move all the current committee sections to the Procedure Manual)

Article X – Committees

Section 1 – Standing Committees

(a) Such Standing Committees, as may be necessary to the good operation of the association may be established by a resolution adopted by the Board of Directors. The resolution establishing a committee may provide for its size, purposes, procedures, functions, name, membership, and reporting. All such Standing Committees, their names, duties and function, and responsibilities shall be published in the Procedure Manual. The Board of Directors shall also have the power by resolution adopted by the members to dissolve any Standing Committee if it no longer serves a necessary purpose.

(b) The existing list of Standing Committees shall be transferred to the Procedure Manual.
