Memorandum

To: All Basic Life Support First Response agencies
From: Daniel J. Clayton, HPA 1 (EMC)
Date: August 3, 2011
Re: EMS Training Reimbursement State Funding

Dear Chief Operations Officer/Chief Executive Officer,

In an attempt to update records, the New York State Department of Health Bureau of Emergency Medical Services (BEMS) is requiring Basic Life Support First Response (BLSFR) agencies to review and complete the enclosed BLSFR information packet and return it to this office promptly.

If your agency intends to include public access defibrillation (PAD) and/or epinephrine auto injectors (both require a completed notice of intent and collaborative agreement), albuterol, and/or blood glucometry in its level of service, please provide this office with written approval from the Regional Emergency Medical Advisory Committee (REMAC) and an updated Medical Director Verification form (www.health.state.ny.us/forms/doh-4362.pdf) prior to carrying these items on your response vehicle. Microsoft word templates of the EMS-PA and the letter granting EMS response authority to your agency by a municipality (i.e. town supervisor, village or city mayor, board of fire commissioners, etc) are available by contacting BEMS and requesting them.

Until the required documentation is received by BEMS, your agency is not eligible for EMS training reimbursement funding. If the completed and signed packet is not received by October 5, 2011, then BEMS will assume that your agency is not participating in 911 EMS response in your community and your four digit Department issued agency code will be deactivated.

Thank you for your immediate attention to this matter. If you need further information, please feel free to contact me or Ms. Lisa DeLong of my staff at 518-402-0996 ext 2.

Sincerely,

Daniel J. Clayton

If Your Agency is Currently Providing EMS and Wishes to Retain its’ DOH EMS Agency Code Number, then:

☐ Complete and sign the BLS Agency Information Update Form – Leave the boxed area at the bottom blank. (Update Form required)

☐ Include a copy of the “EMS Participation Agreement” (EMS-PA) which your agency currently has with the Ambulance Service or Services that transport the patients you treat. If your service does not currently have an EMS-PA, use the enclosed sample to create and execute a new agreement. (EMS-PA required)

(A computer file version of this document, easily edited for your use, is available. Please contact DOH EMS Operations at 518-402-0996 x2 with a valid email address to request the file.)

☐ Review and complete the EMS System Information Sheet included with this packet. Provide responses to each of the items listed, or attach separate document providing explanation if needed. (Sys-Info response required)

☐ Complete a Personnel Roster (DOH-2828) and list all your members with EMS training. Check boxes in the right hand columns to show persons with First Aid, CPR or Defib levels of training. Note that CFR and EMT level personnel have fields for a DOH issued EMT certification and expiration date. (Roster required)

☐ If your agency has received permission to provide any additional or adjunct levels of BLS patient care from your Regional EMS Council’s Medical Advisory Committee (Epi Pen, Albuterol, Blood Glucometry, etc.) then also have your service physician medical director complete and sign a Medical Director Verification form (DOH-4362). Submit the form with your update to document the regional approvals specifically granted to your agency.

Review the enclosed DOH Policy “BLS First Response Guidelines” to refresh your understanding of the importance and responsibilities of providing EMS response.

NOTE: Your agency “Update” to NYSDOH must include all the documents listed above if your agency intends to retain a DOH issued EMS Agency Code Number. If your agency has already submitted all items, please complete ONLY the Agency Update form and send it in.

If Your Agency is No Longer Providing EMS and Wishes to Surrender its’ DOH EMS Agency Code Number, then:

☐ Mark the “No Longer Providing EMS” box at the bottom of the EMS System Information Sheet, and return it to NYS DOH in the envelope provided. Your Agency Code Number will be deactivated and your Regional Emergency Medical Services Council advised that you are no longer participating in your local EMS system as a Basic Life Support First Response Service.

NOTE: Your agency does not need an Agency Code Number to be authorized to provide Public Access Defibrillation (PAD). Each Public Safety service should consider PAD as a minimum level of care even if only for the protection of their own agency members / employees.

Please be sure to sign and date the bottom of the BLS FR Agency Information Sheet after completing the requested information.

DOH -2828b (3/07)
EMS Agency Participation Agreement

Purpose:
In recognition that {Ambulance Service Name} (herein after referred to as XXX) is a duly authorized Ambulance Service, Certified by the New York State Department of Health (NYSDOH), and providing ambulance service to territory established under Article 30/30A of Public Health Law (A30 PHL), which includes in whole or in part the response area of {Non-transport BLSFR Service Name} (herein after referred to as ZZZ) in the {City, Town, Hamlet or District} of, {Name of County} County.

And also in recognition that {ZZZ} is a Basic Life Support First Response (BLSFR) agency specifically authorized by its governing municipality to provide EMS and having applied to NYSDOH for an EMS agency identity code;

The following agreement is hereby entered into for the purpose of ensuring rapid effective response, appropriate patient care and the delivery of persons in need of medical care to appropriate medical facilities, through the cooperative efforts of the organizations consenting to this agreement.

This agreement shall take effect upon the date of endorsement indicated below and shall be renewed annually by the Chief Operating Officers (COOs) of each organization. Alterations or amendments to this agreement may be made at any time by written consensus and re-execution of this agreement. No portion of this agreement shall hold precedence or preempt the authority of any valid contract for EMS or ambulance services executed between either party and any local governing municipality having jurisdiction.

Terms of Agreement

{XXX} and {ZZZ} shall:
- Provide for the identification of its prehospital certified members by badge, ID card, uniform or other visible identification to insure rapid recognition of certified responders and their authorized level of provider care and authorizing agency.
- Participate in QA/QI review of all responses for which a patient contact occurred. And further to resolve any identified patient care issues through training, remediation, discipline or protocol review as appropriate to insure continued effective patient care and compliance with state and regional patient care protocols.
- Participate with any Mutual Aid Response agency, dispatched or responding in place of either {XXX} or {ZZZ} due to the unavailability of either service, holding to the same participation standard and expectations stated in this agreement.
- Adhere to applicable state and regional policies, procedures and patient care protocols.
- Resolve member participation issues through cooperative discussion between the COOs of each organization promptly upon notice of any instance or circumstance which impairs the cooperative intent of this agreement or which compromises in any way the delivery of appropriate patient care.
- Provide notification in advance of training, drills and educational opportunities sponsored by either agency, at which members may obtain, renew or refresh EMS certification or rescue/responder skills.

{XXX} shall:
- Respond whenever possible to any medical emergency, standby or other public need as determined by county 911 dispatch, and provide prehospital medical care and patient transport in fulfillment of its operating authority under Article 30/30A of Public Health Law (A30 PHL).
- Remain an active participant in the {Name of County} County Mutual Aid and MCI/Disaster Plan such that all Medical Emergencies shall be responded to either by {XXX} or another ambulance service providing Mutual Aid Response.
- Accept any patient presented for transport, to which {ZZZ} provides initial BLS care, to insure timely transport of such patient(s) to an appropriate Article 28 designated facility or hospital.
- Accept Prehospital Care Reports (PCRs) turned over to {XXX} by {ZZZ} that document the findings and care provided to patients(s) treated by {ZZZ}.
- Replenish such disposable medical items or supplies used by {ZZZ} on calls for which {XXX} was the transporting agency, the list of such replenishable items to be agreed upon in writing by the COOs of each organization.
{ZZZ} shall:

- Respond whenever possible to any medical emergency, standby or other public need as determined by county 911 dispatch, and provide prehospital medical care at the Basic Life Support (with Defibrillation or PAD) Level of care, within the {ZZZ} response area.
- Report to 911 dispatch the condition and number of patients found at any incident to facilitate the preparedness and appropriate response by {XXX} crews and responding vehicles.
- Not cease the provision of patient care and/or monitoring until such care is turned over to another qualified/certified care provider, once patient care has been initiated.
- Turn over for treatment and transport to {XXX} any patient to which {ZZZ} provides initial BLS (and/or Defib/PAD) prehospital care.
- Insure that the prehospital care provider in charge of patient care will at all times be the {ZZZ} responder with the highest level of certification on scene, until such time as {XXX} arrives at the incident and patient care is turned over to the {XXX} member responsible for the call.
- Participate in ICS / Unified Command for incidents requiring ongoing incident management.
- Adhere to NYS DOH Policies regarding BLSFR Agencies (#06-04) and Responsibilities of EMS Providers to coordinate EMS Resources (#98-05)
- Maintain a list of supplies, equipment and authorized response vehicles as identified in DOH Policy #06-04.

This Agreement is entered into this __________ Day of ________________________, 200__

Signed,

Note: A computer file version of this document, easily edited for your use, is available in Microsoft WORD. To request the “electronic version” of this document, please contact DOH BEMS at (518) 402-0996x2 with a valid email address to which the file may be sent.
The DOH-2828 form is used to individually identify and document all personnel affiliated with an EMS agency. This includes paid and volunteer members. The personnel roster is required for all agencies that have a NYS DOH issued EMS agency ID number. Certified agencies are required to complete a DOH-2828 with each biennial submission for certification renewal. Non certified (BLSFR) agencies are required to submit a completed DOH-2828 with an initial application for EMS agency ID number and with each subsequent Update filing as periodically requested by NYS DOH.

NOTE: An agency may substitute its own printed version of a DOH-2828 roster provided that all data fields contained on the DOH form are present and clearly legible on the agency’s version of the form, and the printout is in alphabetical order.

DOH-2828 field | Information required to complete
--- | ---
Agency Name | Legal name of agency and DBA if any
Agency Code | NYS DOH EMS Agency ID number issued to agency. If purpose of completing personnel roster is for an initial filing and no ID number has been issued to applicant by NYS DOH, leave this field blank.
Date Submitted | Date form was completed. Submitted data on form is presumed to be accurate as of this date.
Page ____ of _____ | Indicate page number of current page and total number of roster pages being submitted.
Personnel name field | Insert Last name then first name of all active personnel in alphabetical order. Include all personnel that have any operational roll in emergency medical responses by your agency. Include all individuals with any level of medical training, even if not NYS certified (eg: First Aid trained, CPR trained, PAD trained). Also include all authorized drivers of emergency response vehicles. Do not include members / employees that are not “active status” or that only provide administration to your agency, even if they are NYS certified. (eg: social / inactive members, corporate officers or administrative officers, unless such members / employees also routinely participate in response and have active EMS operational duties or assignments.)
Date of Birth | In Month, Day, Year format (mm/dd/yy) provide member / employee date of birth
Certified First Responders | For each individual identified that is a Certified First Responder give six (6) digit DOH ID number and expiration date as listed on NYS DOH issued certification card. Individuals with ID numbers and no corresponding expiration date will be presumed to not be currently certified.
Emergency Medical Technicians

For each individual identified that is a Certified Emergency Medical Technician give the six (6) digit DOH ID number and expiration date as listed on NYS DOH issued certification card. Individuals with ID numbers and no corresponding expiration date will be presumed to not be certified. In next set of boxes to the right check the single box that indicates the highest level of individual’s certification. B = Basic EMT, I = Intermediate, CC = Critical Care, P = Paramedic
Do not check more than one box.

Check Other Levels

For non-certified members only, indicate all additional levels of training. More than one box may be checked to indicate multiple levels of medical training.
CPR = Cardio Pulmonary Resuscitation, AED/PAD = Automatic External Defibrillation / Public Access Defibrillation, First-Aid = Training program in emergency first aid completed.
For each indicated level, individual must have completed a nationally recognized training course (eg: American Heart Association or American Red Cross) and hold a valid recognition card issued to the individual.

NOTES: For certified agencies, the total number of medically trained providers identified by level must match the number of providers reported on Department form DOH-206 in section 27.

For non-certified agencies (BLSFR), the total number of medically trained providers identified by level must match the number of providers reported on Department form BLSFR EMS Agency Update / Application line 15.

Certified agencies that obtain staffing, paid or non-paid, from other agencies or personnel staffing companies, must provide a personnel roster that includes all individuals authorized to provide medical care or operate NYS DOH recognized emergency vehicles (eg: Driver only status personnel). Such additional personnel may be listed on a totally separate roster if desired, but must be included in the totals listed on form DOH-206 section 27.
The DOH-4362 form is used to document the physician medical director providing individual EMS agency medical direction in accordance with DOH Policy #03-07. The form also documents the specific level of patient care and/or adjunct BLS protocols authorized by a Regional Emergency Medical Advisory Committee (REMAC) per DOH Policy #95-01.

A CFR/EMT/AEMT, as well as the EMS agency of which an individual is a member or employee, is in violation of Article 30 of Public Health Law (A30PHL) if rendering medical care that is subject to REMAC approval and medical direction without first receiving such approval and providing care under such medical direction.

To Complete the DOH-4362 Medical Director Verification form:

Read the Notice to Service statement. Pay particular attention to the fact that an EMS service’s level of care approval, or approval of a NYS licensed physician to provide medical direction to an EMS agency, must be received in writing from the REMAC having jurisdiction in the region in which an agency provides EMS. The DOH-4362 form is not valid unless completed after first receiving a valid written REMAC approval and endorsement of the identified service medical director. The written approval does not need to be submitted with the form but must be produced upon request by NYS DOH.

Service medical director must read the affirmation at the bottom of the form and sign the statement of compliance. Signature of the medical director means that the physician assumes responsibility and medical oversight within the scope and intent of Article 30 of Public Health Law, NYCRR Part 800 and NYCRR Part 80 as applicable. A separate form must be completed and signed if service has more than one medical director.
Notice to Service:

Please identify the physician providing Quality Assurance oversight to your individual service. If your service provides Defibrillation, Epi-Pen, Blood Glucometry, Albuterol or Advance Life Support (ALS), you must have specific approval from your Regional EMS Council’s Medical Advisory Committee (REMAC) and oversight by a NY state licensed physician. If you change your level of care to a higher ALS level, you must provide the NYS DOH Bureau of EMS a copy of your REMAC’s written approval notice.

If your service wishes to change to a lower level of care, provide written notice of the change and the level of care to be provided, and the effective date of implementation, to your REMAC with a copy to the NYS DOH Bureau of EMS.

If your service has more than one Service Medical Director, please use copies of this verification and indicate which of your operations or REMAC approvals apply to the oversight provided by each physician. Please send this form to your DOH EMS Area Office for filing with your service records.

Check all special regional approvals and the single highest level of care applicable to your service:

Medical Director Affirmation of Compliance:

- I affirm that I am the Physician Medical Director for the above listed EMS service. I am responsible for oversight of the pre-hospital Quality Assurance/Quality Improvement program for this service. This includes medical oversight on a regular and on-going basis, in-service training and review of service policies that are directly related to medical care.

- I am familiar with applicable State and Regional Emergency Medical Advisory Committee treatment protocols, policies and applicable state regulations concerning the level of care provided by this service.

- If the service I provide oversight to is not certified and provides AED level care, the service has filed a Notice of Intent to Provide Public Access Defibrillation (DOH-4135) and a completed Collaborative Agreement with its Regional EMS Council.
