Dear Colleagues,

First of all, we were informed at last week’s SEMSCO that Lee Burns has been named the permanent Director of the Bureau of EMS. Please join me in wishing her well. It is well deserved.

Second,

Since 2007, Grey Goose Graphics has provided our association web and graphic design services which have benefited our organization in many ways. From improving the communications and overall reach to our members to saving us thousands of dollars annually from what we were doing prior to working with the Grey Goose Graphics team, they have positively impacted our organization, members and our profession. Grey Goose Graphics now needs our help.

They are participating in an offer with Chase bank for a $250,000 grant which will be used to grow their business. The last step of the process before the final judging is applicants need to receive at least 250 votes of support. They currently have just over two hundred.

We are respectfully requesting all members vote for Grey Goose Graphics and show their support for this business using the simple process below.

1.) Visit www.MissionSmallBusiness.com
2.) On the bottom right of the home page, click log in and support. (They are using Facebook to validate the voting process, your information will not be used for any other commercial purpose.)
3.) Once logged in, search for Grey Goose Graphics by simply typing Grey in the company name and clicking search. (They are in Endwell, NY)
4.) Click vote next to the Grey Goose Graphics listing.

If you want to offer additional support or provide John & his team with some encouraging words, you can also visit his Facebook fan page at www.Facebook.com/greygoosegraphics

Like the page and shoot him a note. It's been a long process for their team to make it to this point... I'm sure they would love to hear from us!

Thank you for your time and consideration!

Be Safe!

Mike Mastrianni, Jr.
President
