Training for First Responders
Tuesday, November 12, 2013

Location: Coral House
70 Milburn Ave Baldwin, NY 11510

NSASA in partnership with the ELJA A Foundation, the Autism Coalition of Long Island, and the EJ Autism Foundation will be hosting a conference for First Responders. The sole purpose of this conference is to help police and fire department personnel more effectively work with our children. We already have members of NYFD, Suffolk PD on board and will be working on volunteer fire departments on Long Island and more.

Presenters:

Cpt. William A. Cannata Jr. has been a member of the fire service for more than 30 years, and became a member of Massachusetts' Autism and Law Enforcement Education Coalition in November 2003. He is now its statewide coordinator. Bill is also the parent of a child with an autism spectrum disorder.

Sgt. Jimmy Donohoe spearheaded the Take Me Home program for the Pensacola Police Department. Working with a local law enforcement software company, Officer Donohoe created a database where participants who are unable to speak or properly identify themselves to police officers register with a photo, physical description and contact information so first responders can provide special assistance that may be required when contact with a person with autism occurs.

A special Thank you to our Venue Sponsor:

Hosted by:

If anyone has any contacts to help get the word out there and for different departments and people to attend please contact me at suereek@aol.com
RSVP with this form to: Info@elija.org
