The Regional Emergency Medical Advisory Committee (REMAC) of New York City is responsible to develop, approve and implement prehospital treatment and transport protocols for use within the five boroughs of the City of New York. The Regional Emergency Medical Advisory Committee (REMAC) of New York City operates under the auspices of Article Thirty of the New York State Public Health Law.

The New York State Department of Health has authorized the University Hospital of Brooklyn / Long Island College Hospital Emergency Department to start accepting low-acuity patients via, effective 1500 hours, Friday, September 6, 2013. This approval is conditioned upon University Hospital of Brooklyn / LICH maintaining two non-FDNY ambulances on standby outside the Emergency Department. Continued approval is conditioned upon daily monitoring by the Department of Health and can be withdrawn by the Department at any time, should the Department identify any quality or compliance concerns.

**Scope of Service:**
- Low acuity medical services for Adults and Pediatrics are available

**The following conditions can be accepted:**
- Cardiac Arrest
- Unstable airway or choke patients (emergent unstable airway can be stabilized and then if admission is needed, transferred)
- Abdominal pain
- Viral & flu-like symptoms
- Sprains, strains & fractures
- Lacerations & other wounds
- Rashes & other skin ailments
- Eye injuries
- Sore throats, ear aches & upper respiratory infections

Current and Updated Protocols can be accessed at the Regional EMS Council website: [www.nycremsco.org](http://www.nycremsco.org).

Owners/operators of Ambulance and ALS First Response Services providing prehospital medical treatment within the five boroughs of the City of New York are responsible to provide copies of the NYC REMAC Prehospital Treatment Protocols to their personnel, and to ensure that Service Medical Directors and EMS personnel are informed of all changes/updates to the NYC REMAC Prehospital Treatment Protocols.

Lewis W. Marshall, Jr., MD, JD
Chair, Regional Emergency Medical Advisory Committee of New York City
