Lifts, Drags & Carries for EMS - Pilot

February 23, 2015

Course Description:
The Lifts, Drags, & Carries for EMS course will enhance the EMS provider's ability to quickly and safely execute emergency moves. Instructors will demonstrate each technique for the lifts, drags, and carries then split students into pairs for skill lanes. Less experienced providers will be allowed to focus on the basics of patient movement while more experienced providers will have the opportunity to refine their skills with patient moving techniques.

Instructors will also discuss situations where lifts, drags, and carries are appropriate and proper body mechanics and safety precautions.

Course Provider:
This course is being taught by a team of instructors from the State Preparedness Training Center and the National Center for Security & Preparedness.

Topics Include:
- Lift, drag, and carry techniques
- Emergency moves
- Body mechanics
- Safety concerns for patients/responders
- Recognizing and correcting improper lifting techniques

Times:
February 23, 2015
Registration and Check-In: 7:30 AM - 8:00 AM
Course: 8:00 AM - 12:30 PM
The course will begin promptly at 8:00 AM
