Course Description:
The terrorist siege of Mumbai, India in 2008 demonstrated the scope, complexities, and consequences of a well-planned and coordinated attack using firearms and explosives. More recent attacks at the Westgate Mall in Kenya and the Boston Marathon Bombing, as well as the Islamic State’s (IS) highly-publicized goal of attacking the U.S., have reemphasized the potential for a large symphonic attack in the U.S.

Aggressive Deadly Behavior (ADB): Command & Planning addresses those with leadership, administrative, management, supervisory, and planning responsibilities from federal, state, and local agencies in preparing and responding to ADB events.

Course Provider:
This course is being taught by a team of instructors from the State Preparedness Training Center and National Center for Security & Preparedness.
