OMG! CME Series:
Explosive Device Scene Awareness
&
Equipment & Device Familiarization

Tragedies such as the Boston Marathon, Atlanta Olympics, and the Alfred P. Murrah Federal Building attack, have vividly reminded all first responders that an event utilizing an Improvised Explosive Device (IED) is very real. Where the role and responsibility for mitigating these attacks or violent threats falls squarely on Public Safety Officers trained and equipped for these incidents, other emergency service resources can and will be called to assist.

Topics to be discussed:
  — Scene Awareness
  — Secondary Devices
  — Equipment Familiarization
  — Explosive Device Components
  — Explosive Device Demonstration (weather permitting)

Please join Westchester County Department of Public Safety Sgt. Daniel Langford, Hazardous Devices Unit in reviewing the background on these all too familiar tragedies, some examples of lessons learned, and some important suggestions for improving the preplanning at the local level.

This course may be applied toward Operations or General Elective CME hours under the NY State DOH EMS Continuing Education Recertification Program.

Date(s) / Time(s): Wednesday, October 8th, 2014, 7-9pm
Targeted Audience: NY State Certified Emergency Medical Services Personnel
Program Location: Westchester County Department of Emergency Services 4 Dana Rd, Valhalla, NY 10595
Program Cost: None
Registration: Pre-registration is mandatory. Walk-ins are not permitted. Class size is limited.
